New Room

Since our numbers have dramatically increased in the last few weeks, John Warner have been kind enough to offer us another room to use. this classroom is based at the end of the driveway as you walk from the car park to the current room. This room will be used for arts and crafts only. Children will have a choice to choose which room they wish to use and can swap from room to room throughout the evening. Depending on demand, this may be in shifts.

When collecting your child you must still go via the current room as you will need to sign them out and collect their belongings. If you fail to sign out you will be charged until 6pm.
